## PUBLIC OPINIONS

*It [the trail] would be a nice enhancement to people's enjoyment of the lake area.*

*Appreciate [the] efforts of partners and generosity of land owners.*

*I would welcome the presence of a trail and feel from using other such trails that any potential problems can be managed to the satisfaction of all.*

*Thank you for doing this project!*

*It's already being used by a lot of folks, it is preferable to make it legal, and fully endorsed by the landowners.*

*It's one of the most amazing views in the county; this trail would be an amazing addition to recreational opportunities in Wallowa County...*

*It could be a tourist draw if done right. This has pluses and minuses. That trail is stunning as it is. But more people need to experience our beauty.*

*Please keep as natural as possible.*

*I really hope we can make this happen and that users would be very appreciative of the gift we are being given and be extremely respectful of the private property owners.*
